

quetzal/include/quetzal
/data/csv/csv_parser.h

```
graph TD; A["quetzal/include/quetzal<br/>/data/csv/csv_parser.h"] --> B["functional"]; A --> C["csv_common.h"]
```

The diagram illustrates a file path at the top, which then branches into two arrows pointing to two separate boxes below. The top box is shaded gray and contains the file path. The two bottom boxes are white with black borders and contain the words 'functional' and 'csv_common.h' respectively.

functional

csv_common.h
